Mirasol in the News

December 16, 2013. **Mirasol Resources Ltd.** (TSX-V: MRZ) was recently featured in *Lawrence Roulston's Resource Opportunities* investment newsletter and by Proactive Investors on their website. Both write ups are available on the Mirasol website, using the following link:

Mr. Roulston initiated coverage of Mirasol in his newsletter following the Silver Summit conference in October. He wrote: "This company has excellent prospects for a big discovery, which would have a big impact on the share price. Investors can participate in that upside potential with minimal downside risk, as the company is trading at little more than the value of the cash and marketable securities."

About Mirasol Resources Ltd.

Mirasol is a well-funded exploration and development company focused on the discovery, exploration and acquisition of high-potential precious metals deposits in the Americas, utilizing leading edge technology for strategic advantage. In December, 2012, Mirasol sold its interest in the Joaquin Silver project to Coeur Mining Inc., for a value of US\$ 60 million in cash and shares. Mirasol holds 100% of the rights to the Rubi copper-gold porphyry target, strategically located in the historic El Salvador copper mining district, Chile, and has identified, trenched and drilled 100%-held, high-sulphidation gold exploration targets in a new district of northern Chile, including the Titan and Atlas properties. Mirasol operates through subsidiary companies in Chile and Argentina is engaged in generative exploration in high-potential regions in the Americas.
